SENATORIAL RESOLUTION BEATEN AT DAYTON

To Endorse Harmon For The Presidency

A. POMERENE TO BE NAMED FOR LIEUT GOV.

Dayton, June 21.—The caucus of the Tenth congressional district this afternoon, resulted as follows: Vallee Harold, Scioto, state committeeman; Dr. E. P. Dando of Jackson, resolutions; Dr. George Nye, Pike, rules and order of business; Dr. D. J. Webster, Lawrence, permanent organization; J. E. Halliday, Gallia, vice president; E. A. Crawford, Adams, credentials. Of course, it would not have been like an old Tenth caucus, if there had not been something of a scrap and one came this time in a neck and neck contest between Dando and Crawford for the place on resolutions, Dando edging out with 10 votes, while Crawford had 18. Something of a breeze was stirred up in the morning also by some Cincinnati parties nosing into the Tenth's affairs and trying to beat Harold, who is not at the convention, for committeeman. They got a hot reception and Harold was unanimously chosen.

If any one thought Dayton was not a place for a convention, he must take it back. The crowds are here and they are being well taken care of. The auditorium is as large and well appointed as any state Democratic convention ever met in.

With the matter of the nomination of a candidate for senator practically disposed, there is nothing of more than passing interest to which the delegates may concern themselves. There are candidates around and plenty of them, but the absence of anything like a slate, or outcry against one, leaves the candidates to their individual efforts and there is no excitement visible.

Senatorial Resolution Beaten In Committee.

(By Associated Press.)

Dayton, June 21.—The resolution to amend the convention call to provide for the naming of a Democrat to oppose Senator Dick, was defeated in the state central committee meeting by 14 to 6. Newton D. Baker of Cleveland, presented the resolution.

Harmon Favors Senatorial Endorsement.

(By United Press.)

Dayton, O., June 21.—Governor Harmon today came out personally in favor of popular indorsement of a candidate for the United States senate, but declared himself against such action by the Dayton convention because of the lack of opportunity allowed the candidates to present their claim to the delegates. The governor and his advisors are considering several plans, among them that of John J. Lentz of Columbus for a special session of the legislature to enact the direct senatorial nomination law.

Harmon Won Over To Endorsing Idea.

(By United Press.)

Dayton, O., June 21.—Judson Harmon, governor of Ohio, will become a full-fledged candidate for the Democratic presidential election before the close of the Dayton convention. For indorsement of candidacy in a specific plank of the platform to be adopted upon by his lieutenants and his friends here. Harmon himself has been won over to the idea. He will take no chances of his political star before another chance for indorsement appears. Taft will be grilled by the convention and Harmon praised to the skies.

Harmon's Friends Controls Convention.

(By United Press.)

Dayton, June 21.—Every Democrat in Ohio, who expects to edge his way to the pie-counter is in Dayton today trying to guess what Governor Harmon wants done in the state convention. The senatorial endorsement proposition has 'em all guessing. The Harmon crowd on record as opposing an endorsement would give much to know how much dust the Tom Johnson delegation from Cleveland will kick up. On the whole however the prospects are that Harmon's views will prevail that the convention will not endorse. Party leaders have picked out Atlee Pomerene of Canton as a likely man for second place on the ticket.

Corporations Won't Name Judges.

(By United Press.)

Dayton, O., June 21.—The long established rule of permitting the corporation to select the candidate for the supreme court judgeship is in a fair way to be broken. Delegates who are coming into Dayton have their eyes and ears open when candidates for these offices are being discussed and the most effective campaign cry that can be raised if the present temper of the delegates is any criterion, is anti-corporation.

Forecast Made By Associated Press.

(By Associated Press.)

Dayton, June 21.—The fight over the question of senatorial endorsement by the convention promises to be a lively affair. William Jennings Bryan has declared himself for endorsement and is supported by followers of former Mayor Johnson of Cleveland and the Cuyahoga county delegation. Harmon and his followers are on the opposite side and it is the general opinion that Harmon will win. The fight on the proposition began at ten o'clock this morning when the state central committee met Newton D. Baker of Cleveland, holding the Proxy Johnson, leading in the contest for endorsement. Failing in the central committee, Baker says he will take the fight before the rules committee and demand a place in the order of business for naming a Democratic candidate for senator. From there he says he will take the contest to the convention floor.

Atlee Pomerene of Canton, declared thoday that he did not want the nomination of Lieutenant governor. Convention gossip places in the lead the following for other state offices: secretary of state, Chas. W. Graves of Oak Harbor; attorney general, Timothy S. Hogan of Wellston; judges of supreme court, Maurice H. Donahue of Lexington, and James Johnson of Springfield; clerk of the supreme court, O. C. Larason of Fairfield county. Indications this morning are that D. S. Creamer of St. Clairsville, will be renominated for state treasurer.

Will Endorse Harmon for President.

(By Associated Press.)

Dayton, June 21.—Presidential endorsement for Gov. Harmon will be part of the platform laid before the state democratic convention which opens here today. This was definitely decided upon by the Democratic leaders and Governor Harmon.

Governor Harmon proposed to confine his campaign for renomination to state issues, according to a statement made by him last night; but he declined to discuss his presidential boom in anyway. So far as the gubernatorial nomination is concerned it is a foregone conclusion that Harmon will be renominated and it is also considered settled that Atlee Pomerene of Canton will be named for lieutenant governor although a fight is expected. The convention will open at three o'clock this afternoon.

(By United Press.)

Columbus, O., June 21.—James G. Gibbs, vice president of the defunct Ohio Trust Co., of Fremont, must stand trial on an indictment charging fraud in soliciting deposits. The supreme court today sustained the exception of Prosecutor Young of Huron county to the decision of Judge Bickery of Cleveland sustaining his demurrer to the indictment.

Where's The Joke?

(By United Press.)

Washington, June 21.—Who deserves credit for the good things this session of Congress did? President Taft says it all depends on the point of views. The regular Republicans insist credit belongs to them. The combined forces of Democrats smile and claim the victory. Make your own choice.

MORPHINE TAKEN THROUGH MISTAKE ALMOST COST LIFE

Mrs. Emory O. Selb, who resides on Robinson avenue, had a narrow escape from death Monday night when through a mistake she took an overdose of morphine, and was unconscious for some time. She was finally revived by neighbors who worked with her for over an hour.

Mrs. Selb had been suffering with a severe toothache and thinking to relieve it she took some morphine. In a short time after she had taken the dose she had a sinking spell and was seen in a stupor. A neighbor who happened in at the time called in other women who finally succeeded in reviving Mrs. Selb.

Mrs. Selb stated to The Times Tuesday that she was feeling considerably shaken after her experience and that she considered herself fortunate to get off so easily.

The river stage here at three o'clock was 20.6 stationary, but according to a report from headwaters will start on a sharp rise by tonight, due to heavy rains at Pittsburg and on the Allegheny, Monongahela and Cheat rivers, which are running out swiftly. The stage at Pittsburg Tuesday noon was 20 ft., a rise of 12 feet in the past 48 hours.

The sharp rise in the Ohio started a big shipment of coal down stream from Pittsburg. A dozen or more of the big boats left Pittsburg, Sunday night on the rise, all with large tows. The long procession was led by the Bonz, which passed Portsmouth at noon Tuesday closely followed by the Crescent, Oakland, Henry Lowry, John A. Wood and Sam Brown. Others of the fleet are expected to pass down during the night.

Tre reports from above of the unusual rise at Pittsburg and the expected rise of the Ohio here caused much gloom and disappointment among campers and fishing parties.

Central Labor Council Gives Up Airship Idea

The Central Labor Council has discarded the idea of securing an airship or balloon for free attraction for their Fourth of July celebration at Millbrook this year, as demands are so numerous for such attractions that prices have gone up higher than pork. In place of this numerous local attractions will be used, especially contests for the youngsters in which a good sum of money will be awarded as prizes. Nobody need fear that the Central Labor Council will fall short in its efforts as they don't do things by halves. There will be plenty of attractions that will furnish abundance of amusement for all.

TIMES RECIPES.

Recipes for Mousses.

There are two forms of mousses quite distinct from each other in make, but both prepared in the same way by freezing without the tiresome work of turning the crank of the freezer. Although the labor of preparing the mousse is slight, it takes a long time for the freezing, so if the mousse is to be served at dinner at night, it should be made in the early morning. The name mousse is derived from the mossy appearance of the frozen dish.

In freezing pack in equal parts of ice and coarse salt. A point to remember in freezing the mousse is to make the lid of the mold brine tight by rubbing it with melted fat. Among the sweet mousses are maple, caramel, vanilla, almond, coffee, and fruit mousses of every sort, as well as Neapolitan and those with nut and wine flavors.

These mousses are nearly all made from cream, sweetened, flavored, and whipped to a foamy lightness before freezing.

Chicken Mousse.

Scald one cupful of rich milk, add to it the yolks of three eggs well beaten, and salt and pepper to season, and cook in a double boiler like custard. Take from the fire, add one-quarter of a box of gelatine that has soaked for an hour in one-quarter of a cupful of cold water. Put one cupful of prepared chicken meat in a bowl. This may be the potted chicken, which comes in the form of a paste, or chicken chopped fine and pressed through a sieve. Pour the hot custard over this, then stir the mixture in a pan of ice until it is smooth and commences to stiffen. Add one cupful of whipped cream, then pack in one large mold or the patent individual charlotte russe molds and cover with ice and salt.

When cold and stiffened turn on a bed of white lettuce leaves. If charlotte russe molds are used fill the centres with sliced heart celery and nut meats marinated with French dressing. Crown with mayonnaise.

Here mousse can be made in the same way. If potted chicken or ham is used be careful about adding much other seasoning, as both are highly seasoned when packed.

BUNCH OF PEACHES AT NEW ORPHEUM

My goodness, but there is a bunch of peaches at the Orpheum this week. There is just a galaxy of stars and they get on their wagon at the very start and haul you around at their pleasure until the final drop. It is something unusual and extraordinary to have two such rollicking sketches on one vaudeville bill and it is seldom if ever that they come up to the standard set by Karl Hewitt & Co. and the Sully Family.

The Trolley Car Duo put on in the opening turn Monday evening with a 15-minute spasm of tumbling won much applause. Their stunts were good, and it was a problem to keep a line on the rapid succession of aerial flip-flops.

Owing to the necessity of a complete change in stage setting before the second act of the bill, the pictures took second place on the program. "The Doctor's Perfidy" was one of the strongest dramas yet seen on the canvas. The Imp films continue to be of high quality.

In the comedy sketch of the Karl Hewitt & Co., the peaches begin to blossom. The sketch calls for one continuous laugh from start to finish. The acting is away above the average.

The music of E. J. Appleby, who brings out his pair of banjos, is what the matinee girl would call "sublime." This celebrated picker puts his whole soul into his music and makes his instruments sing and moan at will. Of his part in the show it can be said that it is all there and with bells on. The southern melodies brought down the house.

"The Doctor's Dilemma," in which the entire Sully family participate, is another roaring farce lasting half an hour or so and every second of the time is filled with laughable situations. The sketch is one that demands perfect acting in the interpretation of the several parts, and to say that the Sully sextette are there with the goods, is putting it mildly. Genius has been conceded by this accomplished family and is perceptible at all stages of their turns. They furnish the hit of the evening.

Kentuckian's Illness Baffled The Doctors

The above likeness of J. W. O'Lee was taken since his restoration to health a few months ago. Mr. Mr. O'Lee is a member of the firm of The Nicholson-Foley Company, furniture dealers and funeral directors at Corbin, Ky. His quick recovery is a great surprise to his friends. In telling about his illness Mr. O'Lee says: "For eight months I was a physical wreck. I did not know what was the matter with me, and judging from the results of their treatment, the four doctors I employed at different times knew no more than I did myself. At any rate, they failed to help me. I was terribly reduced in flesh, and had no strength at all. I could neither eat nor work. I was extremely nervous, and greatly depressed in spirit. I had almost reached the conclusion that I never would get well.

"I was urged to try Cooper's New Discovery, but as I had no faith in patent medicines, I hesitated to do so. Finally, I went to a drug store in Lexington and bought a bottle. The promptness with which it helped me was astonishing, and I continued the treatment. Gradually I gained strength. My appetite returned, and I began to sleep well at night.

"In a few weeks I was feeling like a different man, and my recovery was more rapid. Three bottles of Cooper's New Discovery made me well. It has over two months since I stopped using the medicine, and I never felt better in my life. I now weigh 202 pounds."

Cooper's New Discovery is a remarkable medicine. We are agents for it in this community. The Fisher & Streich Pharmacy.

Harry Vastine Freed By Jury

It took the jury but a few minutes to decide that Harry Vastine was justified in cutting his brother, John, last May, a year ago, at McDermott, and he was acquitted in short order. The verdict was no surprise to the attorneys and spectators that heard the evidence, as it was plainly clear that the state had failed to make out an assault and battery case as charged in the indictment.

The defense relied mostly on a number of character witnesses, all of whom testified that Harry bore a good reputation in that neighborhood, and the testimony of the defendant who related the story in a very plain and convincing manner. He claimed that when he asked his brother, John, on the morning the trouble occurred, to straighten up some talk that had been started about him, that John replied, "Now Harry, you start that again this morning and I will knock you over the bank." Harry then asked him again to straighten it up and John carried his threat into execution. After getting up Harry pulled out his knife and opened it, all the time holding his dinner bucket in his hand, and told John not to strike him again or he would cut him. John struck him again and Harry used the knife, not, as he said, that he wanted to hurt his brother, but to keep him off of him.

WOMAN SHOOTS AT NEIGHBOR BUT MISSED

Ironton, O., June 21.—According to reports which reached this city Monday, Mrs. Queen Mullen, colored of Burlington, shot five times with a revolver Sunday afternoon at Mrs. Phillip Pancake, white, a neighbor, but fortunately all five shots went wild. An ill feeling is said to have existed between the two women for sometime. The Burlington telephone line was out of commission Monday so the details in the case could not be learned.

Mrs. Mullen, it was reported, was arrested on a charge of shooting with intent to kill and will have her hearing later.

Mrs. Pancake formerly lived in this city where her husband and his father were engaged in the grocery business on Center street. Mr. Pancake is now engaged in farming.

How an appalling calamity in his family was prevented is told by A. D. McDonald, of Fayetteville, N. C., R. F. D. No. 5. "My sister had consumption," he writes, "she was very thin and pale, had no appetite and seemed to grow weaker every day, as all remedies failed, till Dr. King's New Discovery was tried, and so completely cured her that she has not been troubled with a cough since. It's the best medicine I ever saw or heard of." For coughs, colds, la grippe, asthma, croup, hemorrhage—all bronchial troubles, it has no equal; 50c, $1.00. Trial bottle free. FATHERS DAY AT FIRST CHURCH

Much ado was made over the observance of "Mother's Day" on May 28th in the Sunday schools of this country. An appropriate thing it seems would be the observance of a "Father's Day." So the Christian Sunday school is planning for just such a day on Sunday, July 3rd. A special effort will be made to get all the fathers possible to attend Sunday school that day. A special program will be given. Every man will be asked to wear a sprig of laurel or myrtle, the emblem of courage and sacrifice. Further announcement of the plans and program for the day will be made later. The date—July 3rd.

WHY THE COUNTY?

The three municipal bodies, council, the sinking fund commissioners and the board of education, are now practically agreed there shall be no increase in the tax rate in so far as their jurisdiction extend.

It is given out, however, that the county commissioners are firm in the conclusion, that they must have more funds and this will mean a higher tax rate.

This seems unjust to the city. We know in the city there have been vast improvements and its material conditions have been bettered more than a hundredfold in the past few years. Meantime there have been wild-eyed alarms that it was being hurried to bankruptcy and soon taxes must go up to a point that would be ruinous to every property holder. But meantime the city's securities are in demand at better figures than those which other towns obtain on the average and its tax levies are to be maintained at the old rates.

On the other hand, we have heard continuous "peeping" about the economical manner in which the county's finances were being handled, though it must be confessed in opposition to that we have heard nothing but the common plaint that the roads, for which commissioners appear chiefly to exist, or the roads exist for the commissioners, we do not know which, are growing worse and worse every year. Still we are told the county taxes must be raised, that the commissioners must have more money to spend and those roads, we suppose, continue to grow worse the more money there is spent on them. Now, the city helps pay for the roads and all other county improvements. The county pays for no improvements in the city. It is on these facts, that it does not seem fair under all the circumstances to raise the county tax rate this year. The city will pay the most of the increase as heretofore and it will suffer most in reputation because of a high tax rate.

It may yet be possible the commissioners can devise some means to provide against an increase, especially in view of the certainty that some expediency need to be found to that end only for a year as the assessment for 1911, will be so large as in itself to assure a reduction in the present rates. Anyway, the commissioners should show why more funds are needed and give assurance they will be profitably expended.

Romulus Johnson gives it out he will retire from congress with the end of his second term. There is a hint abroad that the people will say different and retire him at the end of his first term.

THE FIGURES TELL.

The Cincinnati Enquirer, in its Sunday edition, printed figures bearing on the political situation in Ohio, which are quite as startling as those it gave some time ago from Indiana.

Two thousand cards were sent out by the paper to Democrats and Republicans equally, asking reply to certain questions put thereon. All but 23 were answered, which shows the average Buckeye is interested in politics, as usual. Over fifteen hundred voters declared Governor Harmon's administration was a popular success, 331 said it was not and 141 were doubtful, or ignorant. Only 468 thought Taft's administration a popular success, while the overwhelming majority of 1329 thought it was not, with 229 doubtful. The poor old execrated Payne-Aldrich tariff found the puny minority of 328 favoring it and 1549 opposed and 138 doubtful. Over three to one expressed conviction that their counties did not favor Dick for senator. Perhaps, the greatest significance in the figures is that 1097 voters believe the present trend is towards the Democratic party, while only 683 state it is towards the Republican and 277 are doubtful.

It is rather notable in the figures that the larger the town they are severally estimated from the larger is the percentage in favor of Governor Harmon. Portsmouth is the lowest among these and yet the vote here was four for Harmon to one against him.

The most vital factor, however, of all and as the Enquirer notes, is that the poll is taken in the home state of President Taft, where it is to be supposed both he and his administration would have the most loyal and unquestioning support, yet its figures show a dissatisfaction with both as strong and all pervading as that reported from any other section. Nor will any one at all concerned in political conditions seriously dispute that so far as the public mind can be judged by surface indications, they reflect actual facts.

The Wrights have had their airship monopoly knocked out. Every man is now at liberty to break his own neck at his own price.

WANT THE FACTS.

Senator Burton is reported to have laughed when he was asked if he and Boss Cox had entered into a combination, answering such statement was built upon a conjecture.

That is not such an answer as the people of this state would have. Senator Burton's laugh may have been deception or scoff, his answer may be taken as affirmative or denial. It is certainly not frank and clear. Though an opinion be based upon a mere conjecture, does not prove it false as to foundation. Conjecture may supply the actual facts and because these facts are neither stated nor denied is in itself a strong argument for the truthfulness of the conjecture. Senator Burton owes it to the people of his state to deal honestly and openly with them. They have given him high honors, largely because they had confidence in his integrity and his clean methods in politics, rather than because they esteemed him of unusual ability. The plain truth from him may maintain his position in their esteem. If he duck and dodge according to the method of the ordinary machine politician they will determine all of him just as quickly as if he admitted combining and bargaining with the most notorious and powerful boss in the state, besides losing credit for courage. For if he shows shame of his new alliances the people are going to become ashamed of him.

Of course, full credence can not be given to every bit of political gossip that makes its way over the state, but it can not be otherwise regard as significant, in this connection, that a report comes from Washington, that President Taft believes there is a compact entered into between Burton and Cox and he is exceedingly wroth over one condition thereof, which is the dumping of Wade Ellis as the official head of the Ohio Republican party. In view of the fact, that Ellis got this position through a confidence game worked on Taft and the well known hostility between him and Cox the deposition of Ellis could be taken as a direct slap in the face and he is not to be blamed for being affronted at any such purpose. But this is a condition too which makes it all the more incumbent on Burton to explicitly deny any agreement with Boss Cox if one does not exist.

Now, just think of it, a bath tub trust is the latest.

JUST AS USUAL.

Inspired by the boiler plate literary factory at Columbus, the Republican organs are making concerted and violent attack on Governor Harmon because he let quite a number of acts passed by the last legislature become laws without his signature. Their chief accusation against him is that of cowardice.

We suppose this attack is one half malice and one half ignorance. The law does not require the governor to approve bills to make them a law, but it does require him to vote them if he would not have them become laws. Several hundred bills were passed by the general assembly. They were sent to the Governor with the close of the session and he had only ten days thereafter in which to pass upon them, as failing to veto any one in that time it would become duly operative. Those that were most important he had to give considerable of his time to reading and fully and clearly informing himself as to their provisions, those that were least so could be disposed of at one reading and if not vetoed the positive act of approval was not necessary. The last sincere charge that will lie against governor Harmon is lack of diligence or courage in the discharge of his public duty.

The Mansfield News is insistent the Democrats must nominate a candidate for United States senator, at Dayton, tomorrow. Its postmaster editor, however, still loves us in utter darkness as to Dick's primary nomination.

It is said much of the improvement to dwellings is being done because assessment time is past. It does not matter what the reason, the blessing is to improve.

Just a few more new industries called for the Portsmouth. And some of them are sure to come, too.

Taft has returned, but we have seen no evidence of the old planet tipping towards Oyster Bay.

They will name the next president at Baltimore, Democratic.

The Boss of the Establishment

He Decides as to the Respective Subtleties of Bean and Onion Soup.

Copyright, 1910, by the New York Evening Telegram. (N. Y. Herald Company.) All rights reserved.

BY AMERE MANN.

"How do I look?" inquired the wife of the Boss of the Establishment expectantly.

She knew very well how she looked, for she had devoted the last two hours to finding out, having been engaged during that time with the mysterious rites required to get a woman ready for an evening party. But, confident as she was of the effect her efforts had produced, she wished to receive assurance of the Boss' approval.

The Boss, however, was in no mood for appreciation. He had been waiting a long time fully dressed to attend a function it would have given him infinite joy to remain away from. So, after the most casual lifting of an eyelid at his wife's elaborate costume, he remarked carelessly:—"You haven't combed your hair yet, have you?"

"Oh, no!" returned the lady, freezing to sarcasm at the Boss' crowdy remark. "I never comb my hair for anything less than a ball. Come on, I'm ready."

THE BOSS AS BOWING TO A LANKY VESTAL IN A MOTHER HUBBARD.

During the short drive to their destination a hostile silence prevailed in the cab, and the mind of the Boss' wife worked furiously on the picture of the Boss' disdain and chagrin, to say nothing of Moorish jealousy, when he should perceive the effect of her gown and other attractions on less calloused males.

But, alas for his wife's calculations, the gathering in which they found themselves was of the most literary kind.

Long haired male geniuses conversed in corners with short haired members of the intellectual female species.

Funny, isn't it, how geniuses tend to hair in men and away from it in women!

"Miss Blank, I want you to meet the famous Mr. Quill. Mr. Quill, of course you're familiar with Miss Blank's work."

The Boss was saying as the Boss and his spouse found their way toward him.

Consternation went "off" on the recent name of the Boss' wife as she heard these words. She read the papers religiously. She knew the literary magazines by heart, and yet she had never heard of the famous Mr. Quill. She had never read one of the sparkling verses of Miss Blank. She had lower to offer for weakness, for she prided herself on her literary knowledge. Long, lank, colorless vestal in a mother hubbard was now introduced to Mrs. Mann.

"Miss Jones, I have a friend who simply raves about your stories. Mr. Mann, the great novelist, is looking forward to a long talk with you this evening. Miss Jones has consented to read one of her unpublished stories. Mrs. Mann, of course you're familiar with those exquisite little cameos!"

The Boss' wife tried not to look any blanker than she felt, and the Boss, as he was led away for execution by the venerable vision, found a ray of comfort in the realization that their hostess looked even blanker than his wife and that he had divined the reason why. For the Boss' wife did not perform in any way, she had not a solitary parlor trick, much to his satisfaction.

She was alone in her insignificance, however. Every other person among the thirty guests was proficient in some literary or artistic stunt, and each performed at full length until the one bright spot of the evening was reached—what the Boss termed, unpoetically, the "Eats."

Gathered about the festive board every highbrow gave his appetite and his pose unrestricted play.

While the Boss gazed in something of a panic at a strange and watery concoction in a pale glass beside his plate, a long haired musician across the table wound several feet of spaghetti about his fork and observed soulfully:—"'Tis rose leaf punch, nectar of the gods! What a pity man cannot satisfy his material needs by inhaling the perfume of exquisite flowers! To think that we must satiate our bodies with flesh! Faugh!"

"How true," murmured the hostess, sympathetically. "Let me help you to some potato salad."

"Have you heard Mr. Abramowski's new concerto?" gurgled the elderly vestal to the Boss. "Really, you must hear it. It has such a wonderful motif—so subtle."

The Boss looked rather disgustedly at the spaghetti weaver, who, he discovered, had several times removed his eyes from his plate long enough to cast several burning glances at his neighbor, the Boss' wife.

"Ah!" murmured the musician, "it is nothing to the piece I shall compose this evening. I shall call it 'Love's Awakening.'" and again the Boss thought he detected an ardent glance.

"Oh, what a marvellous title!" gushed the vestal, and then, her attention focussed upon the Boss' wife for the first time, she remarked: "What a knowing shade of lavender your gown is! I think the idea lavender is so subtle, don't you?"

The Boss' wife blushed at being the centre of so much attention and uttered some inaudible reply.

"Don't you think so, Mr. Mann?" inquired the vestal.

"Think what?" asked the Boss emerging.

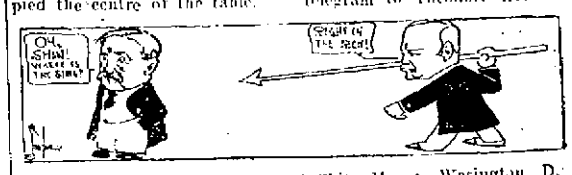
"Why, that idea lavender is much more subtle than pink lavender!"

The Boss fixed a stony gaze on the long locks of his wife's admirer. "Pardon my inattention," he said. "I was just wondering how long a man could live on the smell of hair oil," and then speaking to the table at large, he asked: "Can anybody here tell me which is the more subtle, bean or onion soup? They both have such delicious aromas."

SIDELIGHTS ALONG WASHINGTON BYWAYS.

Washington, D. C., June 21.—If Mr. Charles Grilk of Davenport, who was nominated for Congress by the republicans of the Second Iowa district the other day comes through at the polls next November there will be added to the forces of insurgency a young person who, in his own bailiwick, has been known of late years as "Young Man with His Nerve."

Mr. Grilk is the person who, three or four years ago, put over a bluff on Mr. Roosevelt and escaped with the pot. Mr. Roosevelt decided not to show his cards and lost interest in the accumulation of "sweetenings" that occupied the centre of the table.



They were having one of those red hot campaigns in Iowa over a nomination for Governor. Mr. Cummins was a candidate and Mr. Grilk was chairman of the Republican County Committee at Davenport and a supporter of Cummins. Leslie M. Shaw, then Secretary of the Treasury, was the most devoted enemy Cummins boasted in all the world, and the Iowa powers in Washington had been determinedly trying to get President Roosevelt to take a hand in opposition to Cummins. The administration had leaned decidedly against Cummins, but had committed no overt act.

So one morning the press despatches carried a statement by Secretary Shaw that he had been invited to Davenport to make an anti-Cummins speech, and that "after consultation with President Roosevelt he had decided to cancel another engagement to speak at Syracuse, N. Y., and go to Davenport and talk against Cummins."

That sounded decidedly like an authorized administration pronouncement of hostility to Cummins, and when the news got to Iowa there was great excitement in the Cummins camp. Everybody was scared white in the face over the opposition of Roosevelt, but nobody knew what to do about it. Nobody except young Mr. Grilk. He was the very maddest man in Iowa.

So, taking his trusty typewriter in hand, Mr. Grilk indicted a telegram to Theodore Roosevelt, White House, Wasington, D. C. He quoted the Shaw statement and then added something like this:—

"We want to know whether you have authorized Secretary Shaw to speak for the administration against Governor Cummins. We are going to carry this county and the state for him, and we need to know whether, when we have done it, we will be considered as having defeated the Iowa reactionaries only, or the Iowa reactionaries plus the national administration."

The President lost no time answering. He disowned the assumption of Secretary Shaw of speaking for the administration, said the administration was not opposing Cummins, and gave the correspondence to the press for publication. Young Mr. Grilk just smiled.

MRS. FREDERIC CORTLAND PENFIELD.

Mrs. Frederic Cortland Penfield is the daughter of William Weightman, of Philadelphia. She was born Anne Weightman, and her father's vast fortune was willed to her. Upon his death she became one of the wealthiest of American women. The fortune has been estimated at $8,000,000. It was made in quinine.

Mrs. Penfield's first husband was Robert J. C. Walker, a well known lawyer and a member of Congress. For some years he was the proprietor and the editor of the Saturday Evening Post, of Philadelphia. He died about six years ago.

It was in February of this year that Mrs. Anne Weightman Walker was married in St. Patrick's Cathedral, New York, to Frederic Cortland Penfield, diplomat, editor and author. Mr. Penfield is a New Englander. At one time he was on the editorial staff of the Hartford Courant. Later he was the United States Vice Consul at Boston. From 1894 until 1897 he served as Consul General in Egypt, with the rank of Minister Resident. It was of this time that he made the [illegible] services which were of record [illegible] in his books, "Cairo: The City of the Caliphs" and "Present Day Egypt." Mr. Penfield's children [illegible] widely [illegible]. He was decorated by the French government [illegible] the Grand Cross of the Order of the Medjidieh was conferred upon him by the Sultan of Turkey [illegible] the Khedive made him [illegible] Officer of the Order of the Osmanieh. He is a member of many [illegible] organizations, including the Royal Geographical Society of [illegible] is a fellow, and the French Academy.

Mrs. Penfield is a dominant figure in the social life of two continents. She has travelled extensively and, like her husband, is cosmopolitan in her interests. She is highly cultivated, speaking several languages fluently, and is a student of art and music.

Her interest in operatic matters in New York is sincere and vital. At her musicales in New York the great singers of the opera are frequently heard, and her frequent presence is observed at the Metropolitan Opera House during the season. Her charities and philanthropy are widespread. On the occasion of her marriage to Mr. Penfield her beautiful gifts to immediate relatives amounted to more than eight hundred thousand dollars, while two hundred thousand were given to charity.

The Lookout

"How can Colonel Roosevelt best serve the country?" is being asked. Hate to tell, and it wouldn't do any good at that.

Sir Hiram Maxim proposes legalized roulette wheels in England, $10 out of every $500 to go to the state, which could then pay off the national debt in a few years. Hardly do. It would destroy the graft from illegal gaming. Besides, isn't the government enough of a gamble, anyhow?

Somebody is asking, "Do stenographers really work?" Aye, and suffer, too. Some of them fairly sweat blood trying to read their own notes.

Washington preacher likens Colonel Roosevelt to John the Baptist, which presumably deposes Mr. Pinchot.

The Holy Roller prophetess of Duxbury, Mass., has indulged in another trance and again set the end of the world, this time for "June 21, forty-five minutes before twelve ante meridian." Very kind of the seeress not have put off the stunt before Colonel Roosevelt arrived.

Jealous of the New York City Beautiful and anti-noise crusade, Boston calls attention to her musical rag men, a school for voice culture having been started for street hawkers. Umph. Can beat that. Move that all theatre ticket scalping be confined to deaf and dumb men, who shall further be anchored in the gutter with their hands tied behind them, so they cannot obstruct pedestrians.

Litter of eight pigs in Mason, Mich., boasts fifty-four legs, two of the animals having eight, two seven, and four six legs apiece. The comet has done enough freak things and might as well retire now.

Representative Hull, of Iowa, who was beaten out of a much wanted renomination by the insurgents in his district, is not entirely out of the race, as he can run on the prohibition ticket. Captain Hull, who was for years chairman of the House Committee on Military Affairs, is, of course, opposed to the canteen.

Fisheries dispute between the United States and Great Britain is about to be settled at The Hague. About time. Thing has been pending one hundred years and we've postponed our vacation all that time for the chance to run up to Newfoundland and catch a mess of fish without being hailed by a "bobby" or a warden.

Writer finds fault with the big fight because it's simply a great example of wasted power. He has further figured out that, while Mr. Jeffries is the harder hitter, every time Mr. Johnson lands an uppercut he has let go of two and one-half horse power, which might better be expended in moving a piano or doing something useful. Lovely thought, but the horrible fact sticks out like a sore thumb that thousands of men who wouldn't cross the road to see Johnson move a piano will find they have urgent business in Reno, Nev., July 4.

Recent ruling by the Grand Mufti at Cairo brings out that murder is no crime, in the eyes of Islam, when the slayer is a Moslem and his victim an unbeliever—that is to say, a Christian, a Jew, a Parsee or a Buddhist. Sorry for this. Never contested under those rules. Simply means that one cannot afford to take any chances, and, having downed a Grand Mufti, there's nothing to do but throw the leather into him.

Mrs. Catherine Doerr Crosses Dark River

Mrs. Catherine Doerr, aged 68, passed away Monday evening at 9 o'clock at her home on West Ninth street. She was one of the best known and most highly respected residents of the city.

Mrs. Doerr suffered a stroke of paralysis 11 weeks ago and soon after returning from Columbus where she underwent an operation at the Grant hospital of that city. Since that time her health had been steadily failing and the end was expected by her children and relatives who were constantly at her bedside.

Mrs. Catherine Doerr was born in Marbourg, Germany, July 21, 1840, and came to America with her parents, Mr. and Mrs. Adam Hoaz, when she was 15 years of age. The family made their new home in Portsmouth where, as a young girl, became a member of the German Evangelical church. Up to the time of her death she was a stalwart worker for all that was good and aided generously in the assistance of the church's advancement.

On November 17th, 1863, she united in marriage with Fred Doerr who died 15 years ago. He was a cigar maker and for years his establishment flourished on Market street. The marriage to the late Mr. Doerr took place in the German Evangelical church, where Mrs. Doerr was also a noble worker in the Frauferein, the Ladies' Aid Society, of which she was one of the charter members.

Of the union with Mr. Fred Doerr were born four children, Fred L., who is now aged 43; Emil, 41; Louis C., 33 and Louis, deceased. These children of the late Mrs. Doerr are all married and she leaves six grandchildren, Howard and Karl, sons of Emil Doerr; Elmer and Robert, sons of Fred Doerr; and Ralph and Catherine, son and daughter of Louis C. Doerr. A surviving sister is Mrs. Clara Schwartz of Kenton, O., who has been assisting the children of the late Mrs. Doerr in taking care of the mother during her illness.

Mrs. Catherine Doerr was widely acquainted in Scioto county and her death is deplored by many who recognized her sterling character and honest companionship. Their sympathy goes out to the children and sister in their sad bereavement.

The funeral services will take place from the house on West Ninth street at 1:30 o'clock on Thursday and from the church at the corner of Fifth and Washington streets at 2 o'clock, Rev. Freund will officiate. Burial will be in Greenlawn cemetery.

$100 Reward. $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundations of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

CAME NEAR DROWNING

Charles Coslip, a night engineer at the Star Yards plant, Constable Fred Ault, of Sciotoville, a man named Coriell and two others narrowly escaped drowning in the Ohio river opposite the Peebles brick works Sunday night.

The men had gone to Kentucky in Coslip's launch and on the return trip Ault and Coriell got into a heated dispute. Soon the two men came to blows and during the mixup the boat capsized in midriver. Several of the men were caught underneath the boat when it upset and they had a close call for their lives but all finally managed to reach shore in safety. Some of the machinery of the boat got lost and it had to be abandoned. Another boat was sent after it Monday and towed it back to Star Yards, where every effort was made to hush up the affair.

May Arrest Betrayer Of Girl

A prominent citizen called on the authorities Tuesday to cause the arrest of a young man who had seduced a girl in the employ of a West End family. Warrants were sworn out on the three separate charges of paternity, seduction and failure to provide, and as the defendant is now in a northern Ohio town, an effort will be made to have Sheriff John Gillen, who went to Mansfield Tuesday, to make the arrest.

The Board Of Trade Takes On New Life; Meeting On Monday

The officers of the board of trade met last evening at Secretary Knox's office. A full attendance was out, and much enthusiasm expressed as to reviving the board of trade, and put it on, if possible, a foundation that will result in ahe up-building of something substantial for the city.

Quite a number of projects brought forward for consideration at a later date. Among the most important was the traction project. Information was received at this meeting of a very encouraging nature, and the officers will follow up the points given in an endeavor to get something definite to submit at their next meeting.

The question of an armory for the military company was taken up, and the matter referred to the commanding officer of the company, with the information that the influence of the board as to securing the armory, was at his disposal. There is no doubt that an armory will be built as the result, and with no expense to the city.

It was the unanimous opinion of the board of directors that the yearly dues were insufficient to carry on the work of the board, in the manner that it should be, and a resolution was adopted increasing the dues of $5.00 per year, payable the first of June and the first of December each year. It was also decided that the officers would start in an active campaign for increasing the membership, as they are all of one opinion, that there should be at least 300 active members in the board of trade.

When it was considered that 15 years ago the board had over 300 members. It looks like it should be an easy task to get that number at this time. One of the officers said, and it was wisely said, that the people did not realize the good of the board of trade until its influence was lost. To a certain extent an inactive board of trade is worse than none at all.

The officers of the association consist of the following business men:

H. S. Grimes, president.

Geo. M. Appel first vice president.

Wm. R. Fee, second vice president.

Henry W. Heer, treasurer.

Eugene E. Knox, secretary.

Directors—W. B. Anderson, J. C. Baurz, L. W. Bragdon, Wm. H. Burt, Chas. Bachler, Albert Zollner, Samuel Horchow, Alan Jordan, Wm. R. Fee, H. S. Grimes, Geo. M. Appel.

All of whom were at the meeting last night, and it is well known if they put their shoulders to the wheel, there will be live wires in the board of trade.

Take Look at Job.

John Polson expected to leave for Pittsburg Tuesday afternoon, where he has a new position offered him. He will go to look the job over before accepting.

Nick McMahon, of Ironton, is in the city with a party of friends. He came down in his Cadillac.

A FAKE STORY PERPETRATED BY THE BLADE

Vice President Raymond York, of the Portsmouth Street Railway and Light Co., stated to The Times Tuesday that there was absolutely no truth in the Blade's story Monday to the effect that the street railway company was to erect an addition to the waiting station at Millbrook park. "The whole thing is false and made up of nothing," said Mr. York.

Mr. York further stated that Mahoyzos Bros. were to have a small refreshment booth in the east corner of the station, and that the contract had been let for it to the Williams Lumber Co.

When Mr. York was asked regarding the heating of the station the year around, he laughed and said: "That is a garbled story. The fountain which the Blade stated was to be erected has been erected for the past two months."

OFFICER DAVE HAS GAME LEG

Officer Dave Gafford is laid up with a badly bruised leg, resulting from a fall he sustained early Sunday morning while chasing a strange colored man at the Harbison-Walker brick plant in the North End.

Dave was patrolling his beat when he discovered a big negro acting suspiciously and started towards the fellow who broke into a run and Dave pursued.

They were hitting it up a pretty fast gait and the officer was gaining on the fleeing man when the guardian of the peace stepped on a boulder that turned throwing him violently to the ground, the leg striking against the side of a tie as he went down.

The leg was severely bruised and it will be several days before he will be able to resume his duties on the force. The negro escaped.

Big Suit Again N. & W.

Among the cases to come up before the June term of the federal court which convenes today at Roanoke is the damage suit of David Ernest against the Norfolk & Western for the loss of a leg. The amount involved is $20,000.

Knights Have Outing.

The Manchester Knights of Pythias gave a big outing at that place Tuesday.

TIZ-For Sore Feet

Tired, Aching, Swollen, Smelly, Sweaty Feet? Corns, Callouses or Bunions? Use TIZ. It's Sure, Quick And Certain.

You Will Enjoy Using TIZ. The Most Pleasant Remedy You Ever Tried and Moreover it Works.

At last here is instant relief and a lasting permanent remedy for sore feet. No more tired feet. No more aching feet. No more swollen, bad smelling, sweaty feet. No more corns. No more bunions. No more callouses, no matter what ails your feet or what under the sun you've tried without getting relief, just use TIZ.

TIZ is totally unlike anything else for the purpose you ever heard of. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleanses them out and keeps them clean. It works right off. You will feel better the very first time its used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists 25 cents per box or direct if you wish from Walter Luther Dodge & Co., Chicago, Ill.

BUSY SESSION OF POLICE COURT

Press of other business including police court caused Mayor Searcy to postpone his trip to Dayton and he will not get away until this evening.

Harry Jones and Andrew Jackson, the two men arrested in York place, were fined $4.60 each for drunkenness and disorderly conduct. Jones is a flag pole painter from Dayton but both are now working for Contractors S. Monroe & Son.

Clyde Hendrum, who was locked up several days ago on a non-support charge, was released from custody at the request of his wife Tuesday morning. She told the police that she was left all alone with her new-born baby with no one to take care of her.

Police received word that a 4-year-old boy was being detained at Jackson & Vernier's store in New Boston awaiting identification, Tuesday morning. Later it was learned the boy's name was Johnson and that he lived somewhere in the country. His mother had come to town with a mule and wagon and the lad followed her on foot several hours later. Officers were at once instructed to look for her.

Chief Davidson settled a row between some East End women by telephone Tuesday. He pointedly told them they would have to quit their warring or he would adopt strenuous means to restore order. He declined to give their names.

Ministers Enjoyed A Splendid Outing

It was an ideal day for the ministerial outing, which was enjoyed by the ministers and their wives, under the shades of the beautiful hills of old Kentucky, Monday, June 20, 1910.

The early morning bespoke for us a bright and unmolested day for the long looked for event. At 9 o'clock the heat at the lower city settled away with its noisy, dirty, inoffensive crowd, and after all became seasick, we were safely landed in old Kaintuck. But the voyage was long enough that all were over their unpleasantness that it was not necessary to call a physician, neither was it safe to be loading places on one side sought. Some took to the top of the hill and wished that they could be on its crest without the wearisome climb. But as none of the crowd had joined the angelic host, or rather none of the former had joined our ranks, and we were without wings, we started to scale the ascent. When we reached the top of the hill and all felt that the sun had never shown warmer. The Chautauqua salute was given in a sort of an individual way, which showed that brotherhood's greatly resembled a range. A beautiful spot was found at the foot of the hill on the other side, and all dropped themselves as well as all the good things that were prepared by our good wives, and the shade where we lay was just in a way that we would place it for another day.

[illegible] dinner and when we were ready to start for home we were pleased to find that [illegible] the cream was distributed. Mr. George Smith of the Central grocery donated all the coffee that we could drink, but because of the warmth of the day the coffee was deferred to another time.

To tell all that was said and done would require a volume and the lines would be somewhat disconnected. But to say that it was a happy and helpful day to us all is sufficient.

The homeward march is now made and the trip across the Ohio was made without any of the former experiences and grand old Portsmouth, the city that we all love, received us a more tired but a happier crowd because of the influence of the day.

We pray that the good Lord may still let his blessing rest upon us that many more days of this kind may be ours in the future.

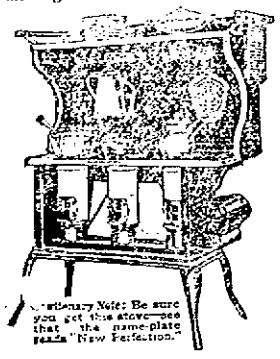
You Can Have a Model Kitchen

as cool and white as a dairy. No smell, no smoke, no heat, no dust. No old-fashioned contrivances. The

New Perfection Oil Cook-stove

is the latest practical, scientific cook-stove. It will cook the most elaborate dinner without heating the kitchen.

Boils, bakes, or roasts better than any range. Ready in a second. Extinguished in a second. Fitted with Cabinet Top with collapsible rests, towel rack, and every other feature imaginable. You want it, because it will cook any dinner and not heat the room. No heat, no smell, no smoke, no coal to bring in, no ashes to carry out. It does away with the drudgery of cooking, and makes it a pleasure. Women with the [illegible] for pastry especially appreciate it, because they can immediately have a quick fire, simply by turning a wick. No half-hour preparation. It costs only is less trouble than coal, but it costs less. Absolutely no smell, no smoke; and it doesn't heat the kitchen.



Cautionary Note: Be sure you get the stove—see that the name-plate reads "New Perfection."

The nickel finish, with the turquoise blue of the enameled chimney, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without a Cabinet.

Every dealer everywhere should carry this stove. If not, write to the nearest agency of the

AN EASY AND HARMLESS WAY TO DARKEN THE HAIR.

Who does not know of the value of sage and sulphur for keeping the hair dark, soft, glossy and in good condition? As a matter of fact, sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature grayness, than sage and sulphur, if properly prepared. The Wyeth Chemical Company, 74 Cortlandt St., New York City, put up an ideal preparation of this kind, called Wyeth's Sage and Sulphur. It is sold by all leading druggists for 50c and $1.00 a bottle, or is sent direct by the manufacturers upon receipt of price.

AMAZONS SCORE HIT AT CASINO MONDAY

Girls will be boys is the supreme sentiment of the Amazons, the clever farce by Arthur Pinero, produced for the first time in Portsmouth Monday evening at the Casino. But even as the sentiment, boys will be boys, has proven false, so in the end does the sentiment, girls will be girls, and at last the true womanhood of the three would-be Amazons assert itself.

The farce is out of the ordinary run, and is rather fantastic, in fact the play carries the fantasy idea a little too far at several stages of the play, brings it too much into prominence.

When each phase is carefully weighed it must be admitted that the Amazons possess great merit as a farce and that it is worthy of more than usual attention. When it was produced in this country for the first time the theater-going public went wild, although the production was given some hard raps by the critics. This simply goes to prove one thing, namely, that the Amazons possesses a peculiar charm that cripples criticism, and that is the reason for its charm.

The Amazons tickles the fancy of the fountains and does not require much thought to follow what phase it is and so it may be termed a success.

The scene of the farce is laid in England and the farce itself is in three acts. The time is the present. The play takes place in a day. The events occur at Overcombe, the residence of the Marchioness Castlejordon and her three marrying daughters, "The Amazons."

The plot is thus: The Marchioness Castlejordon is a forceful, vigorous and aggressive woman, a pronounced Theodore Roosevelt, much to her chagrin her children have all been girls, so she determines that they shall be brought up as boys and accordingly they are. A woman is hired as athletic instructor who is given the soubriquet, Sergeant Shuter. The three young ladies, Lady Noeline, Lady Wilhelmina and Lady Thomasin, all wear masculine attire, and they do masculine things, even to calling "fellows." Their mother, the Lady Marcelline, gives them masculine names and is determined that they shall remain masculine. When the possibility of the girls marrying is suggested to her she replies, impossible, but she afterwards says that if such a possibility occurs the men must be veritable Adonises.

It has happened that while the girls are away from home they have been proposed to by Lord Tweenways and Count Andre De Grival. While the Lady Wilhelmina is in London she goes out for a lark dressed in men's clothes and she gets into a street scrape. She succumbs to the feminine in her and faints. She is picked up by a young man and carried to his lodgings. This young man proves to be no other than her cousin, Viscount Litterly, but neither knows it at the time. As soon as she revives she flees in terror from him. He follows her and the next day learns that she is his cousin. He falls in love with her.

The Earl of Tweenways and the Count Grival are pals and they are two comical specimens. The Earl is a dyspeptic, nervous young man and has inherited all the ills of his ancestors, being full of conceits he is almost intolerable. Count Andre De Grival is a Frenchman who tries to be an Englishman with more or less success, and the results are ludicrous. Count Grival falls in love with Lady Wilhelmina, and Lord Tweenways with Lady Thomasin, and Viscount Litterly with Lady Noeline. The girls finally fall in love themselves and nearly break their mother's heart, who commands them to put on girls' clothes and be girls from that time on.

The star of the evening was Mr. Vaugh Trevor, as the laughable Earl of Tweenways. His acting was superb and was the most finished characterization that has been seen on a local stage this season.

Miss Louise Kent was charming as Lady Noeline Belterbut, and she made much out of her part.

Mr. Arthur Berthelet gave an excellent impersonation of the Anglicized Frenchman, Count Andre Grival.

A role that was compartively unimportant, but that deserves praise on account of its exceptional acting, was the part of Oris, a poacher, played by Roy Gordon.

Two new members of the company appeared Monday night. Miss Florence Trevor and Mr. Albert Reiniger.

How Asthma And Hay Fever Victims Find Relief

Asthma and hay fever are diseases of debility; the result of run-down condition of the system. This is simply another way of saying that proper nourishment is not obtained from the food. Because the nourishing, body-building elements of Father John's Medicine are easily taken into the system, is why this tonic food medicine is so effective in the treatment of asthma, hay fever and catarrh. Father John's Medicine soothes and heals the throat irritation, at the same time giving new strength and health.

Father John's Medicine has a history of fifty years of success as a tonic and body builder for those who are weak and run down. Get a bottle today.

START A LITTLE HOME FACTORY

A New Book Creating Widespread Interest

This new book is being circulated widely throughout the country by The National Home Products League, an organization for the promotion of the welfare of the home, advancing plans and ideas whereby women may earn in the home without seeking employment in mills, factories, stores or shops.

The purpose of the book is to familiarize women with such methods as they are now using to earn a livelihood. It is creating widespread interest in the entire subject.

Mrs. Alden tells women how to earn money in womanly ways. One is struck by the number of original and novel occupations mentioned. Its value in every home from Maine to Oregon will be more than transient. It is breezy and inspires confidence and women will find it a comfort to have in the home. There is hardly a woman who may not some day be called upon to earn and this book may save many an anxious hour.

The first efforts of this organization is to deal with home manufacture of goods which can be sold by the maker in her own locality, without the aid of the selling organization of the League. Later the manufacture of articles in the home to be sold widely through the League is to be taken up.

Those who are interested in earning who wish to consider the making and selling in their own locality, articles of home manufacture, will receive full information by writing to The National Home Products League, 277 Broadway, New York City.

If the book, "Women's Ways of Earning Money" is of interest, the cloth edition may be secured by mailing $1.00 to the League.

One of the profitable lines of manufacture advocated by the League, is the treatment of any inexpensive cotton cloth with a waterproof fluid, then making in the home waterproof aprons, overalls, rain coats, hay covers, wagon covers, rain curtains for carriages and automobiles, folding water buckets and bath tubs.

The cost of waterproofing cloth by such methods does not exceed two cents per yard and produces a material superior to any other to be had and very light weight.

There is a great local demand for such goods, especially when they can be sold at only a fraction of the cost of rubber material or rubber substitutes, which are usually very heavy in weight and last but a short period of time.

SOCIETY

The Conneaut News-Herald of Saturday has the following account of the wedding of Mr. W. D. Gilliland, of this city, and Miss Charlotte Irene Pelton:

"The beautiful home of Mr. and Mrs. C. W. Pelton at 359 Main street, was the scene of a most attractive and impressive wedding at noon on Friday, June 17th, when the youngest daughter, Charlotte Irene Pelton, was married to Mr. Walter Dann Gilliland.

"The relatives and guests assembled in joyful anticipation of the delightful event and enjoyed a most pleasant reception in the tastily appointed parlors of the Pelton home until the noon hour. As usual the guests were strongly attracted to the inspection of the many and beautiful gifts, which were advantageously arrayed before the spacious bay windows of the dining room. Splendid good cheer and pleasing informality pervaded the household and settled into dignified and reverential silence as the strains of sacred music began to hold the attention of all present. Miss Mabel Upson presided at the piano and as she played the beautiful prelude to solo, the guests gathered in the front rooms and hallway, creating a scene of garlanded splendor heightened by all decorative design, artistic desire and personal grace could make it. Miss Grace Upson gained the rapt attention of everyone as her rich, full voice rose in the perfect rendition of "Oh Perfect Love." After she sang sweetly the first verses of this most appropriate hymn, the officiating minister appeared from the hallway and with easy dignity and solemnity the bride and groom followed to the front of the reception hall, where they stood revealed to all before a veritable bower of splendid floral decorations.

"As the music ceased, the Rev. William T. Gilliland, pastor of Grace M. E. church, Piqua, Ohio, and brother of the groom, proceeded with the simple but impressive ceremony which had already been set in its true sacred light by the choice music and song which had preceded it. The pretty ring ceremony followed.

"Dainty little six-year-old Charlotte Klumph, the handsome little daughter of Mrs. D. Almon Klumph, elder sister of the bride, presented to the attending minister the bride's ring from her basket of flowers.

"The attractive and beautiful bride, radiantly and sweetly composed, looked her best in her delicate and unassuming gown. She neither wore the conventional bride's veil nor carried the usual bouquet, but in her elegant simplicity typified the entire delightful occasion.

The ceremony completed, the bride on the arm of the groom, led the way for the friends and relatives out over the front veranda to the comfortable outdoor dining salon. In the midst of the spacious grounds which surrounded the Pelton home, the temptingly arranged dining tables were in readiness under a large, cool, and inviting tent. Here the happy gathering found flowers festooned in exquisite taste, for a centerpiece a pillar of native buttercups and daisies, and on the tables pink roses as favors.

"At the bride's table, together with herself and the groom, sat her parents, Mr. and Mrs. C. W. Pelton, the Rev. William T. Gilliland and Mrs. Sadie M. Hatfield, elder sister of the groom. In full view at easy access were the many guests in merry groups of four at the smaller tables.

"As the sumptuous wedding dinner reached the last courses, the bride's book was passed from table to table and the entire company enrolled their names upon the autograph pages, showing the following out-of-town guests: Judge Harvey R. Keeler and wife, Mrs. Cora Boughton Keeler, the Misses Helen and Katharine Keeler, Mr. Horace Keeler and Mrs. Elvine Bushnell, all of Cleveland, O.; Mrs. D. Almon Klumph, sister of the bride from Frankfort, Ind., and her three sweet and attractive children, Rhoda, Charlotte and Master Richard Klumph; Miss Grace Hall, of Van Wert, O., and Miss Mary Cantwell, of Montevideo, Uruguay, South America, both classmates and college friends of the bride at O. W. U.; Mr. Lee H. Ferguson, of Detroit, Mich.; Mr. J. R. Gilliland, of Portsmouth, O., and Miss Helen C. Gilliland, of Delaware, O., youngest sister of the groom; Mr. and Mrs. Wm. B. Hoag, of Pittsburg, and Miss Florence Root, also from Pittsburg, Pa."

Smart Restaurant Gown

POSED BY MISS ERNA BARNELLE OF CHICAGO

Fortunes are spent each year for women's wardrobes. The American woman, not content with "simple New York" frocks, must go to Paris and search the stores on the Rue de la Paix for something exquisitely beautiful.

The gown presented was brought to New York by a young matron who is justly exultant over it. Over a slip of cendre—ashes of roses—satin is a drapery of sheer marquisette, and over that is worn a coat of Irish lace.

The girdle and sleeve trimmings are of cendre satin, and the Gage hat faced with Calais lace is trimmed with an immense ostrich plume.

Smith May Win Out At Parkersburg, Va.

The Parkersburg Sentinel of Saturday said:

"Lloyd E. Smith, of Charleston, has been here several days in conference with the water works commission, left on the noon train Saturday for Charleston, but will probably return here Monday.

"It is rumored about the streets today that an amicable settlement of the vexing questions in the water works matter is in sight, and the belief appears to be general that everything may be adjusted satisfactorily to all parties concerned. It is known that Mr. Smith has been in conference with the commission since his return here this week, and it is also rumored that the commission has acted very fairly in the matter, and is inclined to recede somewhat from the conditions that were imposed for the installation of the Smith system of filtration. Mr. Smith, it is said, has also agreed to modify his proposition to some extent. The members of the commission are to be commended for their effort to secure an adjustment of the whole trouble."

To Take Yale Exam.

H. A. Marting will leave Wednesday for Cincinnati, where he will take the Yale entrance examinations at Hughes High School.

COLUMBUS HAS BIG FIRE

Columbus, O., June 21.—Fire early Sunday morning did more than $30,000 damage to six firms in and adjoining the building at 110 North High street, the main portion of which was occupied by the Graves clead house. The fire started from an over-heated sadiron. E. K. Graves lost $20,000, half covered by insurance; Z. L. White lost $2000 on the building, and the rest was distributed among Hahn & Adair, printers; H. Butterworth & Sons, furriers; Schoedinger & Marr, hardware; the Bancroft Bros. Co., jewelry, and the Shepard Paint company.

Two large dairy buildings at the Hartman stock farm, south of the city, also burned early Sunday morning, causing a loss of $7000 on buildings and $5000 on contents. The blaze is supposed to have originated in a gasoline stove.

William Darnell, a former local steelworker, arrived here from Pittsburg Monday on a vacation visit to friends.

State House Talk

Columbus, O., June 21.—Governor Harmon will be in complete control of the Democratic state convention, convening at Dayton, today. It will be the biggest convention of the party ever held in the state and will be the most hotly contested in many years. Contrary to Mr. Dayan's wishes, there will be no senatorial endorsement resolution put through. Neither the governor nor a majority of his friends want this, and as they are masters of the situation this will not be done.

It looks as if there will be a big fight over the treasury nomination. D. S. Creamer, the present incumbent, declares he will win easily, but this is disputed by others. There are Meyers of Akron, Beatty of Bowling Green and Torpy of Marietta, to be reckoned with, and just what will be done is hard to determine in advance. There is strong opposition to Mr. Creamer and he has a big fight on his hands.

There will also be a spirited contest for lieutenant governor. There are four candidates, Chas. W. Kempel of Akron, Senator Daniel F. Mooney of St. Mary's, Judge C. Beis of Sandusky and W. S. Thomas of Springfield. The last named entered Monday and is a dark horse. This will be a pretty race.

There will be contests for all the other places, and altogether the convention promises to be exceedingly lively.

Atlee Pomerene, the brilliant Canton lawyer, in his keynote address as the temporary chairman, this afternoon, will speak more than an hour. The speech of acceptance, which Governor Harmon will make after he is renominated, Wednesday, will be short. Less than twenty minutes will be taken up in its delivery.

Of the 219 applicants who took the recent state bar examination only 25 failed. Robert S. Marx of Cincinnati, made the highest grade, 93.6 per cent. The second was M. J. Dosch, also of Cincinnati, with 90.8. Both are from the Cincinnati law school. One professional ball player passed, "Tony" James, now catching for Kansas City, formerly of the Columbus team. "Tony" likes the law next to baseball and he proposes to practice this profession during the winter season until he gives up baseball work when he will devote all his time to the law.

Tonight the big "Made-in-Columbus" Exposition starts. It is being held on the state fair grounds and it will last until July 4. In the absence of the governor, Mrs. Harmon will press the button that will start the big attraction going. Lieutenant Governor Treadway will be down from Cleveland to make an address. He will be met by a reception committee, headed by Secretary of State Thompson. This is he firs affair of he kind ever attempted by the city and it gives promise of being successful.

The Willis law receipts show that the average capital stock of Ohio corporations is $100,000, which indicates that they are prosperous. From 1000 to 1200 companies have not yet made their returns to the secretary of state under the law, and if they do not do so by the end of this month they will be subject to a fifteen per cent from which there can be no remission. This week receipts will be sent to the companies which have paid. They are writing in to inquire if their remittances were received.

Scattered over the state are from 10,000 to 12,000 acres of school lands on which an inadequate sum is being realized for the schools. The government turned these lands over to the state for the benefit of its schools and universities. It develops that the township trustees who are the custodian of these lands leave them out for little or nothing. Auditor of State Fullington has appointed a man to look up all these lands so that information can be obtained by which they can be made to yield the proper income.

Columbus high school students persist in their refusal to obey the law prohibiting fraternities in the schools. It is known that they have several chapters and that they hold clandestine meetings. The school board is trying to break up the organizations.

BIG "MELON" WAS CUT

New York, June 21.—One of the largest "melons" ever sliced for the delectation of stockholders was cut by the directors of the Singer Manufacturing company, who met and declared a $30,000,000 stock dividend to the shareholders. The company has a surplus of $90,000,000, but the directors decided that a stock rather than a cash dividend was advisable.

Roller Coaster Is A Hummer

Sample Helps Frail Women

So many women are dragging out weary lives just because their digestive organs are weak. The result is poor circulation, nervousness and the verge of invalidism. It is often very unnecessary and the woman's own fault.

The first thing to do is to look to the welfare of your bowels. There the trouble usually lies. All physicians know that a large percentage of women are habitually constipated, and from this results indigestion, gas, weariness, etc. that women constantly complain of. But there is no use taking "female remedies" and things of that kind until you have started your bowels to moving. You will find that when the bowels move regularly once or twice a day all your petty ills will disappear. Take a good, mild laxative tonic like Dr. Caldwell's Syrup Pepsin for awhile and you will find yourself rapidly getting better and stronger, your bowels will regulate themselves and work at stated times, and then your headaches and dizziness will disappear. Don't take strong cathartic pills or salts, but just such a mild and pleasant-tasting remedy as Dr. Caldwell's Syrup Pepsin.

You can obtain a bottle of your druggist for fifty cents or one dollar, and either alone may be enough to permanently cure you. Thousands of women keep it regularly in the house and will no longer be without it, as it cured them and can be used with safety by every member of the family, down to the youngest child, but if you have never used it take the advice of Mrs. Earl S. Cox, 692 Twenty-fifth street, Moline, Ill., and Mrs. Ellen Dungan, Muncie, Ind., and send to Dr. Caldwell for a free trial bottle, as they did, and learn for yourself what it will do in your own case. That it will cure you, as it did them, there is no doubt.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R.510 Caldwell building, Monticello, Ill.

GLOVER STREET TO BE A BEAUTY

If plans of Glover street property owners do not miscarry they will eventually have one of the most attractive thoroughfares in the city.

The property owners are favorably impressed with the idea of City Engineer J. I. Hudson for substituting cement for tar in filling between the bricks. This would make a perfectly noiseless street. They themselves hope to lay out a narrow esplanade planted with shade trees through the center of the street with driveways on each side, also to lay uniform sidewalks and terraces. Though the contract has not yet been awarded it is thought the street will be among those to be improved this year.

Conductor At Marriage

Miss Carson is a daughter of the late William Carson, a former B. & O. conductor who dropped dead of apoplexy in Newport a few months ago. W. E. Lucas is temporarily filling Mr. Davidsons run.

One Pill It is impossible to be well, simply impossible, if the bowels are constipated. Waste products, poisonous substances, must be removed from the body at least once each day, or there will be trouble. The dose of Ayer's Pills is small, only one pill at bedtime. All vegetable.

Ask your doctor about Ayer's Pills, gently laxative, all vegetable. He knows why they act directly on the liver. J. C. Ayer Co. Lowell, Mass.

Lima, O., June 21.—(Special.)—It was a grand contest and required 13 innings to determine the winner. The hoodoo number proved a jonah to the locals and the league leaders got away with the first game of the series. Riley was on the mound for the locals, and had everything that was going, while his opponent, Peggy Moore, was equally as strong, and it began to look toward the close of the game as though the goose eggs would prevail until darkness, but the turn came in the first of the ninth, when Shuler made a bad peg to first of Weinberg's roller. Reckheimer struck out and Childs drove one to Newnham, who did not try for the batter, in an effort to hold Weinberg on third. Hornung spoiled things then by driving out a single to the center garden, scoring Weinberg and Childs, the latter leaving a close call at the plate, but the throw came a trifle low for Friend and he failed to hold it. However, it would have been a close decision at the best. Moore then connected for a drive to the right garden, scoring Hornung. Bren flew out to Lloyd, and Moore was doubled off of first.

The visitors failed to find Riley for a single until the seventh inning, when Snodder drove one to left. Weinberg put one to center in the eighth, and they were the only ones who connected for anything like a safe one until the closing frame.

The locals started off strong with the stick, when, with one out, McClintock and Lloyd each tangled, but were left on second and third. In the tenth Houtz was thrown up and found Moore for a single, but no one came to his assistance. In the eleventh Shuler was first up and made a neat single to center and Riley sacrificed, but Doherty and McClintock were easy outs.

Riley only walked one and struck out seven, while Moore passed three and fanned four.

The game was featured by fast fielding on both sides, and with the five errors credited to the locals, the one of the final inning was the only costly one. The score:

RED NELSON IN RIGHT CLASS

Columbus, O., July 21.—Red Nelson is revelling in company which just suits him. He reported at Akron Saturday night and went in for a double victory over McKeesport on Sunday. "Red" was hit pretty freely the first game, but won out by a large margin, so he just kept on going. That same courage displayed in this company would get equal results, but he didn't have the nerve to go through successfully here.

Tom Ware of Chillicothe, came down to this city Monday to visit some friends.

Great Joy In "Chilly" Town--BY SHONK

BIG SCOUTS WILL TRAIL MILLER

Lima, O., June 21.—The wonderful record made by Pitcher Con Miller on the local team here Saturday, when he secured 16 strike outs against Lancaster, 10 of them being in succession, with only two called balls and two foul strikes, came following receipt by Miller of his official release by St. Paul. Miller tried out with St. Paul this spring, but was to be farmed, when in a huff he was given a verbal release and told to hike. Ever since he has been trying to get a written release, and on Friday he was successful. His two games Saturday — the first in which he secured the strike out record for all minor leagues, and again in the second game back and let his opponents down with two hits, marks him for higher company. He is young, has splendid control, giving but one base on balls in the 16 innings he worked, and having no wild pitches or hitting no batsman; he works a high up and in with much effect, and has complete control of a saucy down and out which breaks quickly.

Now it is warm, buy ice. Phone No. 10 both phones. Will be glad to have wagon stop at your place. 16-10 THE STOCKHAM CO.

Are Bonuses Good For The Pitchers?

Are bonuses to pitchers for winning a certain number of games a good thing for baseball? This question is as much in mind this summer as ever. Several big league club owners have offered their star twirlers sums of money providing they win thirty or more games.

When George Mullin had so much difficulty in pulling down his prize for winning twenty-five games last season the Detroit management gave it out that no more bonuses would be offered, as it appeared to handicap this clever twirler to a great extent as he neared his goal.

At the first glance the offer appears generous enough. When we think of the great number of games in a league schedule it seems easy enough for a pitcher to win the required number, but it isn't.

Christy's Fine Record.

Chase back through the records of the National League and see how many pitchers have won thirty games. Joe McGinnity won just thirty for Brooklyn in 1900. Not until 1904 did another pitcher reach the mark. That year Joe copped thirty-one for Cubs and Christy Mathewson reached the mystic number. The following year the great "Iron Man" won thirty-five to Christy's thirty-three games.

In 1905 Mathewson was the only twirler to pass the mark, winning thirty-one battles. The next year brought not a single thirty victory pitcher, but in 1908 Christy came to the fore again with thirty-seven victories. Last year Mordecai Brown led all with twenty-seven victories.

The story of the American league twirlers is similar. Cy Young landed in victories thirty-one times in 1901, representing the Boston club. The next season he added four to his string, making it thirty-two victories. He led all the league's slab performers in 1903, but won only twenty-eight games.

Chesbro Sets Mark.

Jack Chesbro was the shining light of 1904, his greatest year in baseball. He brought home forty-one times for the Highlanders, establishing a record for wins in a single season under modern conditions. Bill Bernhard, of the Naps, came within one game of leveling up with the Murphy limit.

Until Ed Walsh's great year in 1908, when he won forty games and lost fourteen, the American league had but one pitcher with forty victories to his credit. Last year George Mullin of the Tigers, won twenty-nine games and led all his competitors.

Cubs Pounded Red Twirlers

After having secured a good lead the Reds blew up in the game with Chicago Monday, and lost 4 to 6. Rowan was hit with considerable freedom in the fourth frame and Bill Burns was sent in as a relief. The big southpaw was easy and the Cubs drove in four runs off his delivery—a home run swat by Sheckard and counting for three runs. The Reds knocked Cole out of the box in the second inning. NICE WORDS FOR CRICHTON

In commenting on the game between the P. C. C.'s and Mountain State team played at Millbrook park Sunday, the Huntington Herald Dispatch has the following to say:

"The Portsmouth team had a good pitcher on their team, Crichton, all the Mountain State boys are saying that he is the best seen this season. He has a good curve ball and wonderful control which makes him a very classy man. He got a slow start and in the first inning he had sufficiently scattered up the locals so that he was hit hard and the game were batted out. The Portsmouth boys are a good crowd of sports, for they came visit Huntington to learn how to properly entertain a visiting ball club."

There were several things omitted that would have added materially to the enjoyment of the local players. These things will be taught them when they visit in Huntington the latter part of the week to play the return game. The score of 3 to 0 was not as large as some people expected it would be, but all that is necessary is to have more runs than the opposing team. The Portsmouth team is composed of a star pitcher, a young catcher, that plays a fine game, a good infield and an outfield in need of one or two new men.

"They will probably obtain some of these new players before they come up here to play."

THE VUMPIRE

A fool there was and he said his say,
Even as you and I.
To a Klem or a Kane or a Hank O'Day,
Or any other old judge of the play,
And he said it all in a nasty way,
Even as you and I.

Oh, the howls we waste and the growls we waste—
And the hit that inspired the howl
Belongs to the mups who called it wrong.
Oh, yes, I know that he called it wrong.
For he said that the ball was foul.

A fool there was and he got the can
Even as you and I.
"You're put out of the game," said the umpire man,
And amid the jeers of each hostile fan
Down to the clubhouse the fool he ran,
Even as you and I.

But it isn't the shame of quitting the game
That makes it so hard to bear.
It's the thought of the hit that you'll never get—
The thought of the hit that you would have got
If the umpire had called it fair.

Lanks to Get Side-Wheeled

Lancaster, O., June 21.—The Lanks have secured the services of a southpaw hurler who comes from the Texas league highly recommended. The sidewheeler will be seen in a Lang uniform during the series here. He is some pitcher and holds a record for shut-out games. Keep your eye on him.

The Blind Relief Commission will meet at the court house June 30th, at 9 a.m. All applicants are urged to attend.

PREACHERS TO PLAY PAUL'S TEAM

Ironton, O., June 21.—Ironton lovers of base ball are soon to be given a rare treat as the ministers and professional men are to play a game at an early date.

The ministers at their meeting Monday morning decided to organize a base ball team and chose Rev. Harper of Pine Street church as captain.

The challenge was accepted by H. M. Paul, who will organize a team of professional men and play the ministers at a date yet to be set.

The ministers at their meeting Monday also decided to take their wives and children to Portsmouth and return on next Monday on the Greyhound.

The matter of holding Union services during the heated season was allowed to go over until a later date.

Committee To Meet

The amusement committee of Central Labor Council of which Will Baker is chairman, will hold a meeting tonight to perfect arrangements for its Four of July celebration at Millbrook park.

Did Pennant Raising Put Jinks on Pirates?

Fred Clarke is not superstitious. Oh, no. All the same, he is going to insist that when the next world's championship flag is raised to the top of the pole at Forbes Field it must not be upside down. Of course, it was the comet that caused the bad weather, which caused the postponement of 17 of Pittsburg's scheduled games to date, which was responsible for the injuries to Leach, Gibson, Wagner and Wilson; which brought about the Pirates' batting slump and all the other misfortunes, but somehow the players cannot forget a certain incident of opening day.

April 21 was not cheerful at any time, and the game could not have been played had not one of Fred Clarke's canvas coverings protected the field, but to make the gloom thicker the flag raisers had to make the misfortune of hauling the National league flag to the top of the pole upside down. Can you blame the Pirates for believing that the signal of distress put the "jinks" on them?

Now they are beginning to see one ray of light through the clouds. They will get an opportunity on June 30 to remove the hoodoo. They will then raise the banner over Forbes Field and raise it right. As previously mentioned, Clarke is not superstitious, but it is going to be his job on June 30 to see that the ceremonies are not balled up. The players who believe in signs will watch him closely. They think that if the coming flag-raising ceremony can be conducted properly, their luck will change, and that June 30 will be the beginning of the Pirate march pennantward.

Some people imagine that the hard practice indulged in by the Pirates of late will do more towards removing the hoodoo than could be accomplished by a perfect flag-raising. Features of these practice periods surprised onlookers. Down south every March a familiar scene is that of a bunch of hardy athletes sprinting around the field right or ten times after practice, with the manager looking on to see that the runners ring the fence instead of cutting the corners. After the championship season starts all these wind-improving disciplinarians are put out, but Clarke is making the Pirates train over again. He stood in the center of the field at the Hippodrome at Boston the other day, and as the athletes circled the field he shouted for more speed. Lightweights like Leach and McKechnie were not allowed to run. At least 200 people watched the Pirates practice.

"I don't know why Pittsburg dropped out of first place," said a well known sporting writer, that no one can accuse that bunch of indifference."

Players With Brains Stars of the Game

The generalship of the ball field is an ever shifting of quickly devised schemes, not a fifth part of them figured out or practiced before each individual game began. The signal code of the ball field is limited to eight or ten simple tricks, and must ever be so for the reason that the brain of the ball player is not that of Euclid, Plato or Archimedes. The last named gentleman, perhaps might memorize a series of 500 signals, have them all tabulated and ready for instant reference, and choose from mine 500 the one to fit a special case when the special case had to be dealt with in the fleeting space of seven seconds, but the average ball player's mental architecture isn't framed that way.

Baseball generalship plays a part in the winning of ball games, but it is the genius of improvisation, the generalship of quick thinking and instant ability to meet constant new conditions that stands out, and not set studies of the academic order.

Here is something that can be safely stated. There will come to a ball game in which some new play or combination of plays did not arise, and the men who made the new combinations were the quickest scope of comprehension were the ones who won.

Any captain or manager, after a game, can review the contest, recall earlier battles, and say confidently "When that thing happens again we will be ready for it"—and it will almost infallibly, that particular thing will not occur, and they will have to deal with something entirely new, unheard of and [illegible]

BUCKEYES TO BATTLE WITH MAYSVILLE, KY

The Buckeyes, local colored baseball aggregation, has secured dates with the colored team representing Maysville, Ky., for two games to be played in that city during the annual colored home-coming to be held there July 4th, 5th, 6th and 7th. Two games will also be played with the Paris "Quick-steps," one of the fastest teams in the state of Kentucky. The Paris team will also be at the home-coming and the games are to be played in Maysville. The local team defeated the Maysville bunch last year, 5 to 4.

Anderson Stars Beat Salvage

The Anderson Stars defeated the Salvage team at Willow park Monday evening by the score of 10 to 6, in what proved to be a rag chewing game from start to finish.

The work of the umpire, according to players on the Salvage team, was simply atrocious and Flaherty or McNamara were both polished arbitrators compared to him. It was pointed out to the umps that the Anderson pitcher took a hop, step and jump every time he delivered the ball, making no less than 20 balks, not one of which was called.

The players on both teams fought to the last ditch and much spirit was shown.

This victory gives the Stars 3 to 2 lead over the Salvage team who hope to make it an even break on the next clash. A large crowd witnessed the fray.

JNO. HEFFREN TRIED FOR STEALING EGGS

The case of the state against John Heffren, charged with breaking into an N. & W. freight car at the Terminals on April 10 and stealing two cases of eggs containing sixty dozen, was called in common pleas court Tuesday morning. Prosecutor Moulton appeared for the state and Attorney N. B. Gilliland represented the defense.

In stating the case to jury on behalf of the defendant, Mr. Gilliland stated that it was evident that the guilty party who is now in jail was seeking immunity from the court and was attempting to implicate an innocent party.

Ben Bowman, a switchman at the N. & W. yards, who pleaded William Livingston a few days ago was the first witness called by the state. Heffren is an air inspector at the N. & W. yards and Bowman is employed in the yards with him. He stated that he and Heffren broke open the car and Heffren entered the car and marked out the two cases of eggs. They then carried the eggs across the tracks off the right of way and divided one case between them and Heffren took the other whole case. He stated that he had been promised no immunity for testifying against Heffren. On cross examination he acknowledged having taken numerous stuff from cars.

William Livingston, an N. & W. workeman also in jail for giving liquor and under indictment for stealing from N. & W. cars was the next witness called by the state. He stated that William Alley and Walter Barney gave him some of the eggs in front of Smith and Dunns coal shed on Broadway, also that they had about twelve or fifteen dozen eggs in baskets.

Mrs. Livingston testified that Heffren had come to her house about the first of June and told her to warn her husband to leave Portsmouth because William Alley was trying to connect him with the beer robbery.

The state rested and before the defense offered any testimony Mr. Gilliland moved the court to arrest the case and instruct the jury to bring in a verdict for the defendant on the grounds that the state had failed to prove the value of the goods stolen. This point was well taken and would have won the case had not the prosecutor moved to open up the case and introduce evidence showing the value. The court allowed the prosecutor to open up the case, and he placed George Shepard on the stand to fix the value of eggs at that time.

The defense placed Mr. Heffren on the stand and he denied all the allegations charged in the indictments.

William Alley testified that Walter Barney gave him some eggs on the morning of April 10. Several character witnesses testified that Mr. Heffren had a good reputation.

The case was not finished before noon and it was continued over until 1 o'clock when arguments were made and the case finally given to the jury for deliberation.

This Squire Is Carpenter

Squire J. N. Brickey, of Fullerton, Ky., who works at the occupation, that of carpenter and builder when not engaged in dealing out justice, has commenced work on a fine store building and bakery for Jim Hannah in that village, that will be, when completed, the most up-to-date building there.

The foundation is already completed and work on the frame work is to be pushed rapidly.

Mr. Hannah expects to furnish his bakery with all the latest equipment and will be modern in every respect.

William Cooper, the veteran South Portsmouth draymen, has also commenced the construction of two new houses at River View.

Heine Peitz Has Resigned

UNHEALTHY GIRLHOOD

Will Lead to Unhealthy Womanhood Unless Parents Look to the Proper Development of Their Daughters.

Perhaps you have already noticed that your daughter in her "teens" has developed a fitful temper, is restless and excitable. In that case remember that she is growing into womanhood, and that a great responsibility rests upon you, as parents.

If your daughter is pale, complains of weakness and depression, feels "tired out" after a little exertion, if she tells of headaches and backaches, do not dismiss these symptoms. Your daughter needs help, for she is anaemic—that is bloodless.

You should lose no time in procuring Dr. Williams' Pink Pills; otherwise her unhealthy girlhood is bound to lead to unhealthy womanhood.

Mrs. Frances Meng, of No. 300 Comstock street, Owosso, Mich., who is well known in her home town, says:

"While a school girl I became run down in health through hard study and for nearly two years suffered from anaemia. I felt all tired out, lost in flesh, was nervous and pale and had no blood. One day I would feel fairly well but the next day I would be miserable.

"Our family doctor treated me for sometime but with little benefit. He said I would have to be very careful or I would go into consumption. One day my mother told him she was going to try Dr. Williams' Pink Pills and he gave his consent, but said they would not help me. To the surprise of all I began to get better and could walk several blocks without resting. I continued using the pills and was cured. I have been perfectly well since and am glad to tell others of the good Dr. Williams' Pink Pills did me."

Dr. Williams' Pink Pills have cured rheumatism, after-effects of the grip and fevers, chlorosis or green sickness and general debility because of their power to build up and purify the blood. Our new booklet, "Diseases of the Blood," will give you much valuable information about the above diseases and will be sent free upon request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for $2.50, by the Dr. William Medicine Company, Schenectady, N. Y.

2 BOOZY MEN LOCKED UP

Andrew Jackson and Harry Jones, both from Kentucky, created quite a commotion on East Front street, early on Monday evening at the home of Mrs. Al McGraw who has been harboring the men for several days. Monday the fellows crossed to Kentucky and visited the soft drink stands, returning in the afternoon pretty tolerably the worse off for booze and started to cut up some. When Officer Buckley approached the pair, they got ugly and threatened to carve him up. They then started to leave and went reeling down Front street and were disappearing over the river grade in York place, when they were overhauled by Buckley and Officers Diffen and Walker who had been summoned and waltzed to the lockup.

Jesse Burkett, prominent young school teacher of Barden, is in the city for a few days on business.

WON'T CHANGE CHURCH NAME

The Second Presbyterian church is to retain its present name. This was decided at the congregational meeting Monday evening by a unanimous vote, and the result is not surprising as many sacred memories are connected with the name Second Presbyterian.

Rom's Judgeship Bill Passes The House

Washington, June 21.—Just before the house adjourned its session last night Representative Herman P. Goebel of Cincinnati ended his field day by passing unimously the Johnson bill providing for two terms yearly of the Southern Ohio federal court at Portsmouth.

This bill was introduced by Representative Johnson of Portsmouth district, and it was referred to the judiciary committee, where Judge Goebel took it in charge.

Tonight as the fourth of the measures he put through the house successfully, the Cincinnati congressman passed this bill. It is of great importance to Southern Ohio, as heretofore no sessions of court were held at Portsmouth.

By the passage of this bill Judge Goebel won the record for the number of bills passed by an individual member today.

C. & O. Agent Is Promoted

ARM BROKEN AT STEEL PLANT

While engaged in arranging some overhead pipes at the Portsmouth steel plant Monday afternoon at 4:30, Arthur McCloud, a millwright, in some manner lost his footing and fell from a ladder on which he was standing, sustaining a bad fracture of the left arm near the wrist.

The injured man went to his home on Robinson avenue after Dr. Williams reduced the fracture. The injury was a most painful one and will lay Mr. McCloud up for some time.

HOMER LURTY GETS DIVORCE

Homer Lurty, whose suit for divorce against Nettie Lurty was partly heard in common pleas court last week, has been given the decree by Judge Blair. The case was held open for a short time in order to allow the plaintiff to furnish more convincing evidence which he did furnish to the satisfaction of the court.

GAMES PLAYED BY CHURCH LEAGUE

The Church league composed of the First Presbyterian, Trinity M. E., United Brethren and All Saints, played their first games Saturday afternoon at Millbrook. The Trinity aggregation walloped the U. B. athletes 12 to 7. Bours, Gyger and Chabot were at the points for the U. B's, and Sampson and Mickey looked after the sphere for the Trinity boys.

McClain was invincible for the First Presbyterians, allowing the All Saints but one lone bingle and finishing the bout 9 to 1. McClain and Sissler were the batteries for the First church and Hall and Thomas worked for the All Saints. Both twirlers worked in fine shape. Hall retiring 13 men and McClain put 12 to the bench without allowing them to feel the little sphere.

The U. B's against All Saints, and the First Presbyterian against Trinity, is the order for next Saturday.

MARK TWAIN

A NEW EDITION

AT ½ PRICE

NOW for the first time you get a complete set of all Mark Twain's writings at just exactly one-half the price they have ever been sold before. This is a new edition, just as complete as the old one, which still sells, by the way, at $50.00. This new edition is only $25.00—for the 25 volumes.

It had been Mark Twain's ambition to have his books in every American home, and he made a great personal sacrifice to bring about this remarkable opportunity—for the first time in the history of publishing copyrighted books are sold at the price of non-copyrighted books—the chance will not come again.

But for Mark Twain's action this would have been impossible. Never before has a copyrighted library set of a standard author's works been issued at such a low price.

"This is the authorized Uniform Edition of all my books. Mark Twain"

THIS complete set of all the great humorist's works breathes his spirit—the spirit of eternal youth—they are new books; to own them is always to have new books, a fountain of youth. They never age, because humor, kindliness, and truth never grow old. Mark Twain himself wrote a preface to this edition. Brander Matthews has written the biographical criticism of Mark Twain and his work. There are portraits of the author from photographs and paintings taken at periods when the different books were in process of writing. This edition includes his later collected writings, such as "Eve's Diary," etc., etc.

Brander Matthews says: "Mark Twain will be included in that group of writers headed by Molière and Cervantes. With the exception of Count Tolstoi, Twain was the greatest of recent modern writers and will be handed down to posterity through the trio of his works 'Huckleberry Finn,' 'Tom Sawyer,' and 'Pudd'nhead Wilson.' Twain is a greater stylist than Stevenson or Thoreau, and his 'Man that Corrupted Hadleyburg' is one of the finest works in English literature."

THERE are beautiful pictures by such artists as Brown, Frost, Newell, Beard, Dielman, Smedley, Thulstrup, Clinedinst, Mora, Weldon, Kemble, Gilbert, Du Mond, Merrill, Opper.

THE binding is in rich red rep silk book cloth with title labels stamped in gold. The books are printed on white antique wove paper, especially made for this edition. Each volume is of generous size and bulk, 5x7½ inches.

BAUCUS GIVEN HEARING BY CIVIL SERVICE COURT

A Large Crowd At Hearing on Monday

COURT RESERVES ITS DECISION

The hearing of James A. Baucus on the charge of gross neglect of duty, under which he was suspended as chief of the Portsmouth Police department, on May 14 by Mayor Henry C. Searcy, after he had won out in the courts under a former suspension was held at the council chamber Monday evening before the civil service commission, consisting of President Wade Kennedy, John Wurster and Martin Cook.

The specific charge against Baucus alleged gross neglect of duty during his incumbency as chief during the year 1909, he being charged with failing and neglecting to secure and properly care for certain valuables and property belonging to the city, consisting of sundry badges, buttons and helmets for the use of officers and patrolmen and permitting officers discharged during the year 1908 to retain in their possession valuable property contrary to law and the rules and regulations of the police department.

The room was comfortably filled with people, chiefly business men, when the charges went to hearing at seven o'clock.

At the outset Attorney A. H. Bannon for Baucus made a motion to dismiss the charges against his client on the ground that the facts stated in the charges did not constitute an offence.

The motion was overruled and the hearing of testimony was begun.

Mayor Searcy was the first witness called, who stated that while all the evidence under which he had based the suspicion of Baucus had been gained indirectly, though officially through his subordinates, the police department being under the supervision of the mayor and safety department. Chief Davidson, former Mayor's clerk, C. C. Yeazel, and Safety Director Brennen, followed in order on the witness stand and it was clearly shown that Baucus had been negligent and apparently made no effort to collect any property belonging to the city from the dozen or more patrolmen suspended during the year 1908. If the discharged officers returned the property it was all right with Baucus if not, it was the same.

Proof was presented that helmets and badges were recovered from Officers Wessel, Saufferer, Herrick, McFarland, Tipton and others after Baucus was suspended.

Safety Director Brennen discovered the shortage of the helmets and badges last September, when he had occasion to appoint some special police, there not being sufficient insignia to fit out the special officers.

It was then an investigation was started resulting in the placing of the blame for the missing officers' insignia. No record of the property was ever kept, except from memory on the theory that each patrolman always had an outfit.

After the force was cut down to about half in December 1908, an inventory was taken of the police department property by Clerk Yeazel, which disclosed the fact that many helmets and badges were out. Later they were located and of the ten officers dismissed each had a helmet or a badge and some both while others had two outfits.

Officer Roma Walker testified he joined the force early in March, 1908, and was permitted to go without badge or helmet for several days. Baucus was chief at that time and it was a clear violation on his part of the rules and regulations of the department. Free prosecution rested and at this juncture Attorney Bannon again made a motion to dismiss the charges without further evidence. The motion was overruled.

Dr. Smith was called by the defense. He had turned a saddle and patrol key over to Baucus after he had been deposed as city physician.

Baucus then took the stand in his own behalf and told having exerted all due diligence in recovering the property as set out in the charges, frequently requesting the discharged officers to bring them in. On cross examination he admitted that former Director of Public Safety, W. C. Coffin had served a written notice on him to recover all property in possession of discharged policemen. Baucus got into several tight holes during the rapid fire questioning of Attorney Small and the Commission. Once when asked why he failed to take up the insignia at the time the officers were let out according to the Mayor's orders, could not offer an explanation further than he allowed the men to wear them home, afterwards stating he did not know of a single former patrolman having city property that he did not make an effort to recover.

City Solicitor Small talked briefly on the chief facts of the case pointing out that the intrinsic value of the property was not an issue and that it was the little things as well as the big should be attended to by a public official. He said the evidence went to show that Baucus was grossly negligent and had not given his superiors the efficient service he should have and that the charge had been sustained.

Attorney Bannon followed Small in 15 minute speech. He said Baucus's record had been searched with a fine tooth comb and only these flimsy charges were all that was found in nearly six years' service.

He argued that the taking it for granted the city was out the use of a few dollars' worth of second hand property did not constitute an offense, sufficient to suspend the chief. He steadily maintained that Baucus could not be held responsible for the property, holding that the rules and regulations only required the head of the department to report all property turned over to him to the Mayor.

The case then went to the Commission, which retired to a rear room and after half hour returned and announced that some parts of the evidence was not clear and they desired to look over the stenographer's report. The Commission will render their verdict at the council chamber on Thursday evening at 7 o'clock.

Big Time At Fullerton

EVERYBODY IS GOING TO THE BIG AUCTION LOT SALE FRIDAY, JULY FIRST. DO NOT FORGET THE DAY.

Friday, July 1st, 1910, at ten o'clock a. m., the Bowman Realty Company of Huntington, West Virginia, real estate developers, will offer for sale at public auction 75 choice building lots in the Morton addition to Fullerton, Kentucky. Morton addition is just across the river opposite the N. & W. Terminals and within easy reach of the numerous factories and industries outlying Portsmouth. Two ferry boats ply between Portsmouth and Fullerton, making Morton addition easily available for homes of employees on the Ohio side, who can secure choice lots at low prices away from the dust and smoke and where every man can live in comfort and yet enjoy all the advantages of a city.

Building ground at Fullerton is limited and these lots are situated where big developments must take place in the future. Already some houses have been completed and others are in process of erection on different lots that have been heretofore sold at private sale. The remaining seventy five lots must be sold July 1st, for whatever buyers may offer.

The Bowman Realty Company has never yet failed on a sale and they do not expect to fall down on this one.

Easy terms of payment will be announced at the sale, rendering it possible for every man or woman present to own a lot in this magnificent property. Why pay rent longer when you can secure a lot at this sale on easy payments and at your own price.

After getting the lot and your title to it complete there is no trouble to get money for building purposes. Instead of paying monthly rents, apply the payments on your home.

This sale will be an occasion of interest, pleasure and profit for all who attend. Brass Band music will be furnished throughout the day. Public addresses, daylight fire works and balloon ascensions will be features of the day.

Major T. F. Combs, funniest and wittiest auctioneer in the country will keep the crowd in a good humor with his sallies of wit and wholesome fun.

and several cash [illegible]

In case of rain the sale will be adjourned until Saturday, July 2.

Columbus Car Men Threaten To Strike

Columbus, June 21.—Strained relations existing between employes and officials of the Columbus Railway and Light company yesterday indicated the declaration of a strike by union men as early as Thursday morning. The union executive committee will report to a mass meeting of the men at 12 o'clock tonight and in all probability a vote will be taken on the question of a strike. If the men decide to walk out, Thursday morning will be chosen as the time for a tie-up.

Strike clouds gathered fast yesterday when officials of the union refused to submit their complaints to the state board of arbitration, on the ground that General Manager E. K. Stewart of the railway company had consented only to place proofs of faithfulness before the commission, instead of permitting the board to inquire thoroughly and then render a judgment which would be binding on both sides.

Schneider Looking After City's Welfare

Asst. Service Director George H. Schneider was the busiest man around the city building Tuesday he being the whole works in the absence of Director Jones and Clerk Frank Thompson who are attending the Democratic convention at Dayton.

George's first move was to order a load of lime distributed over the garbage dump at Gallia and Young streets. Dumping lots are becoming scarce and city officials will soon have a problem on their hands.

The watering trough on West Third has been temporarily shifted to Market street so as not to interfere with the grading of the former street. After Third street is improved it is likely a new watering trough will be placed at the lower end of the Market street esplanade.

A city force is engaged in making repairs to Ned McGuire's alley near Ninth and Washington streets. The alley near Sixth and Offnere streets has also been ordered repaired.

NEW PASTOR TO OCCUPY OLD PARSONAGE

An End To Skin Troubles

Action of Poslam Is Rapid—Easy to Prove What It Will Do.

"To think," says Dr. L. J. Cooper, North Haven, Conn., "that I have been trying everything (to cure eczema) for fifteen years, and now poslam has done it. The first application stopped all the itching."

When a remedy is available like poslam, which in all skin troubles stops itching and accomplishes cures so rapidly and readily, there is really no reason why such affections should be allowed to go unchecked, particularly as no one is asked to purchase poslam without first obtaining and trying one of the free trial packages. This will be sent by mail to any one who will write to the Emergency Laboratories, 32 West 25th street, New York City.

While primarily intended for the treatment of eczema, acne, tetter, barber's and all other forms of itch etc, poslam promptly cures all the lesser skin affections, such as pimples, blotches, fever blisters, redness, inflamed skin, rash, herpes, sunburn, clears the complexion and keeps the skin in healthy condition.

A special 50-cent package of poslam is prepared for minor uses, and this, as well as the regular $1.00 dollar jar, is for sale by all druggists, particularly the Amann Pharmacy.

Gray Hair Restored
My hair was getting quite gray and falling out rapidly and I was troubled with a terrible itching of the scalp. My head was full of dandruff, which fell upon my clothes and kept me continually brushing it off. While on a visit to Rochester I heard of your Sage and Sulphur for the hair. I got a bottle and used it. A few applications relieved the itching, my hair stopped falling out and gradually came back to its natural color. It is now a nice dark brown color, soft, glossy and pliable. Several of my friends want to use it, and I want to know what you will charge me for six bottles of it.

Grew Hair on a Bald Head
For two or three years my hair had been falling out and getting quite thin until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly until now I have used four bottles. The whole top of my head is fairly covered and keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.
